

## Sons Celebrate Their Mothers In Dance

It was more memorable than breakfast in bed or even flowers! The young gentlemen of NCC paid tribute to the number one lady in their lives during the Second Annual Mother and Son Dance.

Held at the NCC Priory, the event has become one of the youth department's most popular events of the year. More than 30 mother and son couples dressed in their Sunday best turned out to dance the night away. The D. J. rocked the crowd with tunes from Michael Jackson to Rapper Jay Z.

"This was a wonderful evening. When I first heard about the dance, I was a little skeptical but we really had a great time," said Ivette Kemble, who was escorted by her six-year-old son, Jordan.

The evening culminated with a highly anticipated dance competition, which saw the boys displaying all their smooth moves.

"The event was intended to celebrate our mothers and promote positive parent-child relationships within the community," said Edward Morris, Youth Services Director. "I am very proud of my staff and the families of this great community."
